3Dconnexion SpaceMouse Pro 3D Mouse

SpaceMouse Pro is the latest addition to 3Dconnexion's line of professional 3D mice. It features a full size, soft coated hand rest and 15 large, fully programmable function keys for access to application commands, standard views and keyboard modifiers while a convenient On-screen Display provides visual support.

Intuitive 3D Navigation

Like all 3Dconnexion 3D mice, SpaceMouse Pro features the patented 3Dconnexion 6-Degrees-of-Freedom (6DoF) sensor that enables you to easily navigate digital models or camera positions in 3D space.
Simply push, pull, twist or tilt the 3Dconnexion controller cap to pan, zoom and rotate your model or camera precisely and intuitively.

Quick View Keys

SpaceMouse Pro's Quick View Keys provide fingertip access to 12 views, making it easier to detect errors, explore alternatives and present your work more effectively for review.

The rotation toggle key disables the rotation axes, providing simultaneous pan-and-zoom navigation in work modes such as sketching.

Advanced Ergonomic Design

The full size, soft-coated hand rest ensures maximum comfort by positioning the hand perfectly for the 3Dconnexion controller cap.

Every one of SpaceMouse Pro's 15 tactile, fully programmable buttons are conveniently positioned, allowing you to access frequently used commands and work more efficiently.

Intelligent Function Keys

SpaceMouse Pro automatically recognizes your application environment and assigns appropriate commands to four large, soft touch Intelligent Function Keys.

On-Screen Display

The On-screen Display1 provides a convenient visual reminder of the commands assigned to the Intelligent Function Keys, on your computer screen, enabling you to stay focused.
Keyboard Modifiers

SpaceMouse Pro Keyboard Modifiers provide easy access to Control, Shift, Alt, Esc functions, saving you time by reducing the need to move your hand to the keyboard.

Virtual NumPad

Save time and maintain focus by using SpaceMouse Pro's Virtual NumPad1 to input numerical data in to your application using the standard mouse instead of your keyboard.

Technical Specification

- Full sized, soft coated hand rest

- 3Dconnexion™ six-degrees-of-freedom (6Dof) sensor

- Quick View Keys

- Rotation Toggle Key

- Intelligent Function Keys

- On-screen Display

- Keyboard Modifiers (Ctrl, Alt, Shift, Esc)

- Virtual NumPad

- 15 programmable keys in total

- Dimensions (LxWxH): 204 x 142mm x 58mm / 8" x 5.6" x 2.3"

- Weight: 665g / 1.47lb

• 3-year warranty

• Windows 7 (RTM, all editions), Windows Vista (RTM, SP1 and SP2, all editions), Windows XP Professional x64 Edition (RTM, SP2, SP3), Windows XP Professional (SP2, SP3)

• Mac OS X v. 10.4.6

• Linux Red Hat Enterprise WS 4, SuSE Linux 9.3

• IBM AIX 5.2 ML04, HP-UX 11, Sun Solaris 8 (SPARC), Sun Solaris 10 (x86/x64)
