

USB Adapter

Adapter USB 2.0-A female > mini USB male

Description

This USB adapter by Delock enables you to convert the mini USB interface of your device into a standard USB-A female port. With an existing USB-A cable you can connect your device to a free USB port of your PC or notebook. Furthermore this adapter is most suitable for different car radios with mini USB port, since you can connect e.g. your USB stick, MP3 Player etc. and listen to your own music.
