

ICY BOX IB-AC527 USB to microphone and headphone adapter

Key features

- Audio adapter performs like an external sound card
- Elegant aluminium case
- 1x 3.5 mm output for headphone/speaker (stereo)
- 1x 3.5 mm input for microphone (mono)
- USB 2.0 compatible to USB 3.0/1.1
- Own chipset for good audio quality

For extra audio

With the IB-AC527 you can easily extend your PC with a headphone and a microphone jack to your existing USB audio system. It is especially useful for headsets with 2 separate connectors. The own sound-chipset inside the adapter delivers a higher audio quality for music listening and online calls. It has not only an elegant design with aluminium finishing but its easy to connect with plug and play.
