ICY BOX
IB-2812CL-U3

Docking and Clone Station for M.2 SATA SSDs

Key features

- External enclosure for M.2 SATA SSDs
- Interface to host computer: USB 3.0 Type-A, with up to 5 Gbit/s
- Toolless assembly of both SSDs
- Bootable SSD cloning, even without PC (standalone)
- Creates an identical copy of your SSDs without a computer
- B-Key socket for B-Key or B+M-Key cards
- For two M.2 SATA SSD, 22x 30/42/60/80 mm
- Connection of a 5 V power supply for use without a USB port possible (not included)

Packing content
1x IB-2812CL-U3, 1x USB Type-A cable (60 cm length)

Upgrade made easy

What is better than a large data storage in your computer? Right, an even bigger one. And the IB-2812CL-U3 will support you so that the upgrade by copying the files or even cloning your operating system does not become a nerve-racking test. Simply insert the desired M.2 SATA SSDs into the external case and - you decide - use it as an external hard drive or as a clone station.

Technical data

Model	IB-2812CL-U3	**SSD capacity**	Unlimited
Article no.	60528	**Plug & Play**	Yes
EAN code	4250078169093	**Internal interface**	SATA I,II,III (6 Gbit/s)
Brand	ICY BOX	**Cooling**	Passive
Colour	Black	**LED**	Operation, access, clone status
Material	Aluminium, plastic	**Power supply**	Bus powered, more power through optional PSU
Interface to host computer	USB 3.0 Type-A	**DC-Plug dimensions**	3.5x1.35x10 mm
Transfer rate	Up to 5 Gbit/s	**Polarity DC-Plug**	Positive inner conductor
UASP support	Yes	**Operating system**	Windows®, macOS®
Length of cable	60 cm	**System requirements**	At least one free USB Type-A port is required for use as a Clone
M.2 Socket	2x M.2 SATA B-Key		Station. The following operating systems are generally supported
M.2 card size	22x 30/42/60/80 mm		for operation in PC mode: Windows® and macOS®
M.2 interface	SATA III (AHCI)		

ICY BOX **IB-2812CL-U3**
## Docking and Clone Station for M.2 SATA SSDs

Functional design

The design is kept extra simple and serves to maximize functionality. No unnecessary bells and whistles, no frippery. Air intake and materials have been chosen to ensure adequate passive cooling. Who wants to hear a fan from the case of noiseless SSDs?

Cloning 4.0

Of course, this cloning station also supports bit-by-bit cloning, so bootable SSDs can easily be duplicated. The cloning does not even have to be connected to a computer.

Installation? Extremely simple!

With a click-and-go function you can change M.2 cards quickly and easily. Instead of using a screwdriver to screw in two SSDs incl. spacers, simply put on the SSD holder and click it into the IB-2812CL-U3. That's it.

Logistical data

Packing unit:	60 pcs./carton	**Dimension/carton:**	300x445x340 mm
Total weight:	13.06 kg/carton	**Dimension** (with packing)**:**	25x105x200 mm
Gross weight (with packing)**:**	0.212 kg	**Dimension of article:**	120x85x15 mm
Net weight:	0.112 kg	**Country of origin:**	China
